

Pro-Ject Stereo Box

Integrated amplifier with remote control

Good sound from sound technology

- Metal case shields the electronics from vibrational and electromagnetic interference
- Bi-Phase PWM-circuit (Pulse Width Modulation)
- Gold plated RCA connection sockets
- Outboard power supply included

Features

- Remote controllable
- Small size allows easy placement
- Two line-level inputs. Optional input expander Pro-Ject Switch Box providing three additional inputs
- Pro-Ject Audio digital amplifiers achieve 80% energy efficiency

Technical specifications

Power output:	2 x 20W/30W at 8ohms/4ohms (both channels driven)
Frequency response:	20Hz - 20kHz / $\pm 0,2$ dB
Channel separation:	> 40dB / 20kHz
Noise floor:	> -100dB / A weighted
THD:	< 0,05% / 10W
Gain:	22dB
Line-level inputs:	2 pair RCA/Phono sockets
Input impedance:	20kohms
Trigger Switch Box:	2-pole co-axial \varnothing 2,5mm jack
Outboard power supply:	20V/3A DC (peak 7A DC), suitable for your country's mains supply
Power consumption:	20V/3A DC
Dimensions W x H x D (D with sockets):	103 x 36 x 103 (122)mm
Weight:	720g without power supply
